

Monte Vista High School Grossmont Union High School District

Modernization of Buildings 700/800/800A

Modernization includes new Auto & Metals CTE Programs, Kitchen & Weight Rooms

Campus	Monte Vista High School
Address	3230 Sweetwater Springs Road Spring Valley, CA 91977 (619) 660-3000 http://monarchs.guhsd.net/
Principal	Randy Montesanto

Project Description

The \$7.6 million project at Monte Vista High School involved the renovation and modernization of three outdated buildings, totaling nearly 32,000 square feet, as well as related site work. The project was completed in two phases to most effectively accommodate the school's schedule.

The 700 Building features an all-new kitchen, which supplies meals for the entire campus, and two classrooms for the school's music programs. The 800 Building includes new computer labs to support the school's game design CTE pathway, new ASB facility, new student weight room, student restrooms, and office space and storage. The 800A Building houses the auto and metals CTE programs.

The seven-month project also involved roadway restoration at the campus entry, as well as landscape and tree planting as campus and community enhancements.

Student Weightroom

Proposition U Bond Program

The modernization of buildings 700, 800 and 800A are a part of the Proposition U bond, passed in November 2008 by East County voters. The \$417 million bond measure is budgeted at \$601.7 million, which includes \$184.7 million of expected State funding and interest earnings. The bond will substantially complete the modernization of District schools, provide classrooms and equipment for Career Technical Education.

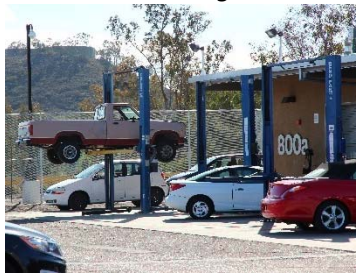

More information about the bond program is available at <http://proph.build-guhsd.com>
